IP Star 2018 (Patent Litigation)
IP STARS PATENT HANDBOOK

*"Gold for individuals:
infringement"*
IAM PATENT 1000 2018

*"He is efficient and responsive
and considers our business
priorities to give the best
advice."*
CHAMBERS GLOBAL 2017

*"Joachim Feldges is a battle-
hardened litigator."*
IAM PATENT 2018

Joachim has practised complex patent litigation since more than 30 years and across all technical fields. He has in depth experience developing and implementing international patent litigation strategies in numerous European jurisdictions, including on the requirements arising from parallel patent litigation in the United States. He represents clients in infringement and validity cases before all major patent courts, the Federal Supreme Court and the Federal Patent Court and regularly represents clients in opposition proceedings before the European Patent Office. He has also represented clients in front of the CJEU.

Joachim has a wealth of experience in the field of arbitration regarding patents and technical know-how and has worked as arbitrator, mediator and Counsel in such disputes. In particular, he is listed as an arbitrator at WIPO since many years and regularly gives presentations on this topic.

Joachim was also involved in the revision of the WIPO mediation rules on SEP/FRAND disputes.
